To one who is dedicated . . .

*A lending of time, effort, respect, guidance; yet more—
It is with heartfelt gratitude that we offer our appreciation to a man who has given unselfishly never-ending hours of labor to the HERITAGE.*

We, the annual staff, dedicate the 1972 HERITAGE to Mr. John Thompson.

Thank-you

A yearbook is published only through the support of many people. It takes more than the editors and an advisor to produce a yearbook of which everyone can be proud. So to all who have helped us we wish to express our sincere gratitude.

Appreciation goes to Mr. Lee for his patience and understanding in all our requests.

To the faculty we would like to say thank-you for their tolerance of interrupted classes and help with the annual.

To the Science Department for the use of the darkroom.

To Janice and the rest of the business staff for their outstanding job of organization of the selling of ads and other money-making projects.

To the division editors and their staffs, we are indebted for their organizing pictures, drawing layouts, writing themes and captions and running numerous errands.

To Dreama and Suzanne—thanks for writing copy that we always had to have "by tomorrow".

To Mr. Thompson, for answering our endless pleas for picture after picture. And to our other photographers for their help.

And especially to Mr. Powell for correcting our blunders, for being himself and for being there whenever we needed him.

Finally to you, the student, for without you there wouldn't be an annual.

And so, we the editors of the 1972 HERITAGE, "finish up" for the final time. With it go our memories — of squabbles and tensions, tears, laughter, all night proofreading of shipments, and "Doughnuts and Dr. Peppers". We leave behind only the warm glow of new-found friendships and knowledge and a deeper understanding of ourselves and Liberty.

Announcements, absentee lists, files, schedule cards, etc. are a part of their business. Who's business? The administrations, of course!! They seek to help students plus conduct the official business of school. Forming a mutual understanding between the students and faculty is a BIG part of this department. Responsible, neutral, and persevering are characteristics of the L.H.S. administration.

"Columbus did not discover China" exclaims an indignant student, "he discovered Iceland!" By the gentle prodding and work of the social studies department the students learn about ancient and medieval times and the present day plus the physical aspects of different countries. And that is not an easy job. That same student later says "Columbus discovered America in 1492."

Led by the determined Home Ec. teachers, the students try their hand at everything from cooking and interior decorating to sewing and child care. This department works hard to prepare students for home life, just as the art department does. "127 yards . . . rushing?????"

Practice makes perfect!

Lookout! Liberty's entire football program was changed this season with the appearance of a new Head Coach and numerous assistants. It was going to be a fresh, new look for Liberty. But after suffering several defeats, a few thought all was lost. But our "Bruisers" kept the hope of victory alive and made a comeback near the close of the season. "Do we love our Minute-men?—You bet we do!"

Co-captains for the Clifton Forge game, Lewis Hurt and George Tsoleas, await the "flip of the coin."

"Well I'll be a monkey's uncle."

"Boy!. Did I mess that cheer up!" This on-the-ball, energetic and peppy group arouses the school to support and cheer our Minutemen on to victory. Despite the cold and wet weather, they never failed to promote the backing of the Minutemen. Whether you heard them on the intercom, at school pep rallies or at the games, you could tell that they put themselves into the sport. So if you see someone limping around, not being able to talk, in a red, white or blue uniform, you know who it is! No-Not a football player!!

"Hit 'em hard, hit 'em low . . ."

Led by experienced and enthusiastic new coaches, our Junior Minutemen charged into a trying season with at least the spirit to win. They too, were put back by stiff competition, but took each challenge with overwhelming spirit and drive.

"Go get 'em, Minutemen . . ."

Coaches Pachuta and Burrell watch the combined efforts of the J.V. and 9th grade teams.

"Hey, what's goin', on out there???"

"RRR-E-D-Y!! Hey, what cheer are we doing??"
The Junior Varsity Loud-Mouths pounced into their season with an enthusiastic bang that could be heard for many a mile. After overcoming some minor obstacles, they were able to make their players feel at home away from home by accompanying them when they traveled. Even in the face of a losing season, they managed to keep the team spirit ablaze by supporting them every step of the way.

Learning to lose isn't easy

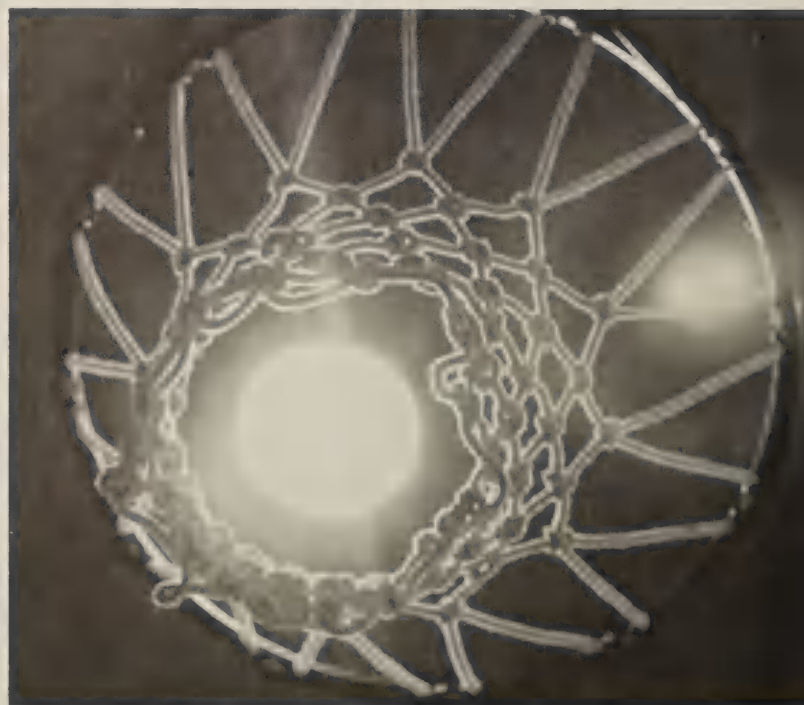

They're rough, they're tough, and they've got guts enough to take on teams with twice their experience.

The Liberty Minutemen opened their season with only one returning letterman, an average height of 6 ft. or less, being looked on as the underdogs in every game, and the determination to prove their ability and make their school proud of its team.

New head coach, Robert King, and assistant coach Robert Cox, lead their players through a tough season, teaching them the skills of the game as well as the importance of good sportsmanship.

The inevitable disappointment of losing and the rebounding joy of winning were both known by the Minutemen, as they gained skill and experience.

Never giving up! These guys challenged their rivals with confidence and determination and never gave any team a free game.

"What are we going to do now?"

"Hit it! Hit it? Hit what? No, not the basketball players, not the spectators, No—not even you. We were trying to start a cheer." It seems to be a rather energetic one, so if energy's what you want, energy you'll get from the basketball team and the cheerleaders. Regardless how bad times got or how hard, we tried our best to cheer the mighty Minutemen to victory. A little help and encouragement is what they needed.

Keep the ball rolling . . .

. . . what ball? . . .

. . . where did it go? . . .

. . . when it is coming back? . . .

. . . He must have found it!

Enhanced by the opening of our new gym, the J. V. Basketball Season commenced with overpowering enthusiasm. The eagerness of the team was matched by the newfound spirit of the students. Our Junior Minuteman further proved themselves by bringing home a fine record for Liberty.

JUNIOR VARSITY BASKETBALL CHEERLEADERS: B. Giles, E. Jones, G. Roberts, B. Cornelius, V. Thompson, K. Thompson, I. Ramsey, K. Leftwich, C. Selden, D. Fortney, S. Bradshaw.

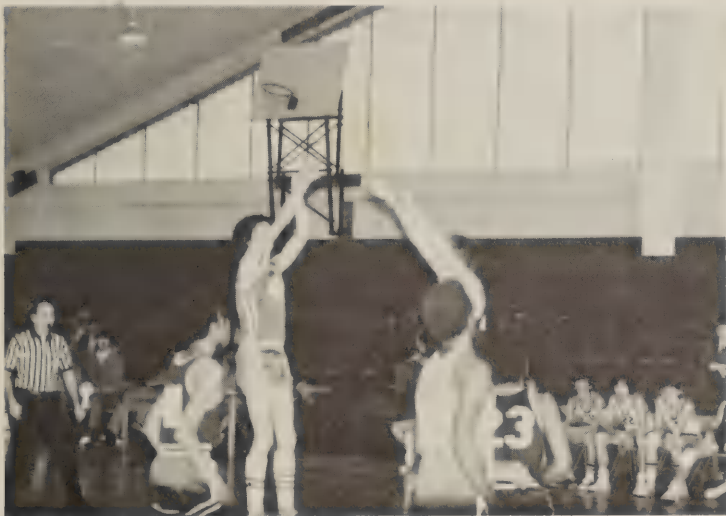

Those bouncing, booming, big-mouthed beauties, better known as the J.V. Basketball cheerleaders displayed so much umph and drive this season that they almost brought the roof down! (Ha! Ha!). With the addition of an extra cheerleader our J.V.'s drove their team to a victorious record.

NINTH GRADE BASKETBALL: Row 1: H. Brown, H. Hicks, J. Spinner, B. Gilmore, D. Day, R. Spinner. Row 2: C. Payne, M. Lovern, S. Wright, B. Lloyd, G. Brown, Row 3: Coach Matheny, S. Callahan, Coach Webb.

The great starters

"Hey! Look at our team!" The freshmen proved their skill quite well! They had a excellent record and they defeated several of the area's really tough teams. These Minutemen will work to improve and add much to the Junior Varsity and Varsity squads in the future years, so "look out, here they come!"

*—Non-district Game.			

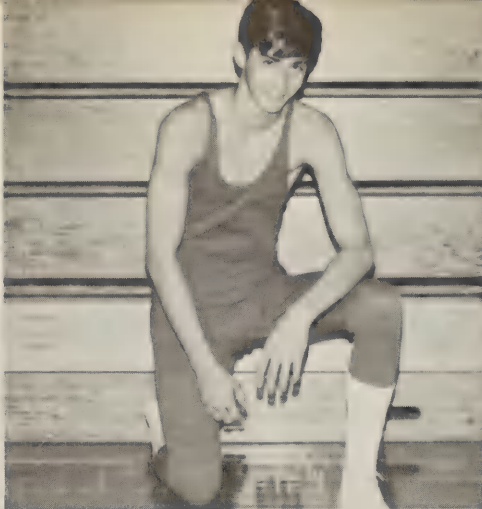

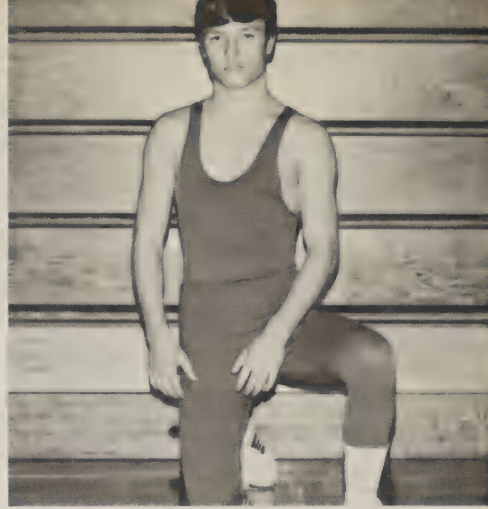

The Minettes have definitely proved that basketball is not just a boys' sport. Eagerly the girls' team began their season to face tough rivals in the highly competitive Roanoke League. Teamwork inspired by their new and enthusiastic coach produced a strong defense and high scoring offense. The girls learned and perfected the skills of a new "five man game," and overwhelmed their opponents in hope of once again securing the district title.

This year our team broke even in regular season with six wins and six losses. Pat Johnston led in team points with a score of 58. Mike Wilkerson had the fastest pin for the season—0:18 seconds although Skip Goodman still holds the school record of 0:11 seconds.

The goal of the team all during the season was the District Championship. We did make a fantastic showing—though we lost to Martinsville by only one point. We captured more first place honors than any other school. Massie, Goodman, Johnston and Mike Wilkerson won first place. Steve Wilkerson took second. Pat Johnston also won an outstanding wrestler trophy.

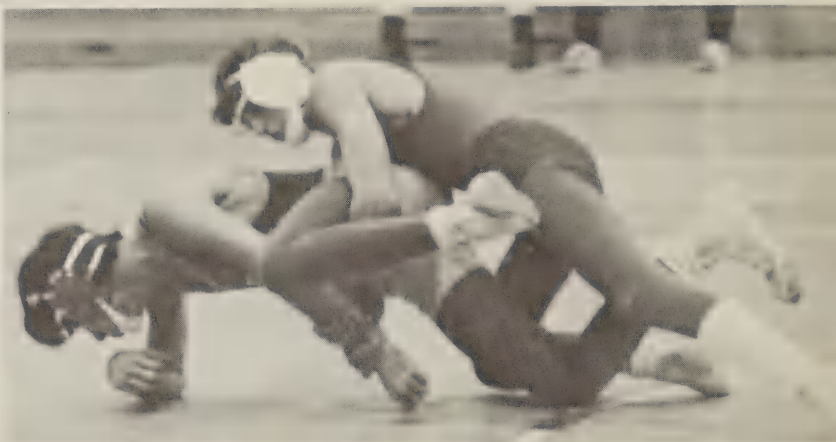

In the Regional Tourney, Pat Johnston placed third and Mike Wilkerson pinned his way to first. He also won a trophy for the most pins in the tournament. These two grapplers represented Liberty at the State Tourney.

DISTRICT BASEBALL TOURNAMENT May 21

Who likes baseball? Our guys sure do! How many other teams can boast that every year, except once, since our school was established, they have won either first or second place in the district?

This year Liberty had a good team—four seniors, David Burnette, Wesley Paxton, Gary Overstreet and Jerry Wilkerson, returned with a record of 43 wins and 15 losses. Expected to live up to last year's "Cinderella" team, our guys started practicing in the cold month of February and lifted weights until they hated the sight of them. With five of last year's starters graduated, these guys had to fight extra hard to prove that they were the best.

*The cold air breaks with our screams,
 as the pigskin moves.
 Our hopes and fears are realized
 with the snap of a bat,
 with the thud of a tackle,
 with the swish of the nets.
 Healthy sounds of competition,
 growing with victory,
 diminishing with defeat,
 All working together to
 meet the challenge,
 to mature with the outcome.*

CROSS COUNTRY TEAM—S. Goff, T. Overstreet, J. Bell, C. Reynolds, L. Saunders, C. Coles, J. Randazzo, D. Seabolt, E. Easterling.

Senior members—J. Bell and T. Overstreet.

"I told you that I didn't get any sleep last night!"

"Oh, no! My shoestrings untied!" Step after step goes the energetic cross-country track team. Practice and dedication are the two foundations of this team, which speaks highly for the Minutemen. They endeavor to win and enticingly they do it. Three cheers for cross-country!!

INDOOR TRACK TEAM: Row 1: S. Dozier, J. Randazzo, J. Cooper, J. Dooley, K. Sizemore, S. Goff, M. Payne, Row 2: C. Coles, J. Lyle, V. Jackson, C. Reynolds, L. Saunders, P. Coles, M. Deacon, Row 3: C. Bremner, M. Easterling, T. Mustakell, G. Tsoleas, J. Bell, C. Schaeffer.

"You're out of order, Jimmy! Kathy, would you please be quiet? Sue, please pick up the piece that fell off my gavel."

These remarks are commonplace in any typical SCA meeting. Along with busing students to home football games a new constitution took its place among the most involved undertakings of our student government. Coordinating club events and student activities has kept this SCA unusually busy. The promotion of events such as dances, as well as the development of an inter-racial council, are indications of how the organization has tried to keep in touch with all of the students at Liberty. With a good communication line between all facets of student life, the Student Council Association is constructing a long record of changes and hopefully, some recognizable improvements.

Something's happening! This was the cry of the Beta club President during the call meetings. Every corner, they looked around there was something else looking right back at them. First it was the Beta Banquet, next the hearty Valentine dance, and of course the Beta Club Convention in Roanoke. This convention was not so ho-hum simply because we were able to have committees attend and they helped do a bang up job in the elections. However, these were more or less side projects, the biggie broke when the Beta club sponsored jointly a Bloodmobile as their service project toward the community.

Rock and Soul

Listen, all you Soul Brothers and Sisters! Have you heard about the new hip soul club here at Liberty? Yes! the Rock & Soul Club, sponsored by Mr. Edward Powell, is a club full of talented and enthusiastic musicians. They have participated in school dances, played for banquets and provided entertainment for the student body during the lunch hours. So, man, if you have ever wanted to hear some deep-down, hard rock or some super-bad soul that will flip you out, listen to the Rock & Soul Club. CHECK IT OUT!

Creative hands are master pieces of art

Walking through the great halls of Liberty's famous "A" building you may happen upon gooey white footprints leading from the Art Department. Your curiosity is overwhelming. Do you dare to enter this room? With your courage aroused, you may step inside and to your amusement find a fascinating environment of paints, brushes, sculpture and other things ranging from macrami to jewelry making.

From this branch of creativity the LHS Art Clubs were born. Students in both the junior and senior sections use their extraordinary talents to create and to promote such events as the annual Sidewalk Art Show. Throughout the year various surprises erupt from this club, each one colorful, fascinating and original.

This is a sign that one frequently sees as he travels through the halls at L.H.S. Some students have thought that Mu Alpha Theta members did nothing but math during the whole club period. However, this misconception has been blown out of proportion. This Math Club opened its season with a bake sale in Bedford. It is not at all unusual to see a math club member pop a dozen brownies into a car window as the driver makes his way along Bridge Street. Other annual events include the Matharama, the Math-Science (or if you prefer Science-Math) banquet, and a trip in the spring, plus making a host of new friends and hearing speakers who have visited us.

Selective? You bet! JETS is an engineering club, the Junior Engineering and Technical Society.

The JETS Club, one of the smallest at L.H.S., has only eighteen members, but it is a very active club. To join, one must have a C average or better in science, be interested in engineering, and be either a sophomore, junior or senior.

The combined Jets, Science, and Math Clubs have been recognized as the best in the state by the Virginia Junior Academy of Science. Mr. Robert Carlson, the sponsor, guides the efforts of the Jets. The club worked on a project designed to involve all members in a problem that may cause plant growers the world over to revolutionize their growing methods. Who knows?

If you are in the business curriculum and you want to join a club that's on the go, FBLA is the club for you.

This year club members are again participating in the Longwood region in various leadership workshops and contests. Members have participated in bulletin board contests, scrapbook, parliamentary law, essay and many other projects.

The FBLA has arranged a secretarial service for the purpose of making money. This service is set up for teachers and students who need things done for them, such as typing tests and reports, and running masters and stencils.

The highlight of the year is the presentation of a scholarship to a deserving senior in the club who will continue his or her business education in a college.

Latin Club

"You expect me to dress in a mini skirt, wear leaves around my head, carry a doll, and kiss every football player I see? You're crazy! I'm a boy and boy's just don't do things like that!" Such were the evils inflicted upon slaves, first year Latin students, by their powerful masters.

Upon receiving their freedom papers at the Latin banquet, the slaves were again pronounced normal students and returned to studying verb conjugations and flunking quizzes.

Then, in the spring, the regular schedule was again broken for the Conversational Program where entertainment ranged from Anderson's Fairy Tales to the tragic death of Caesar.

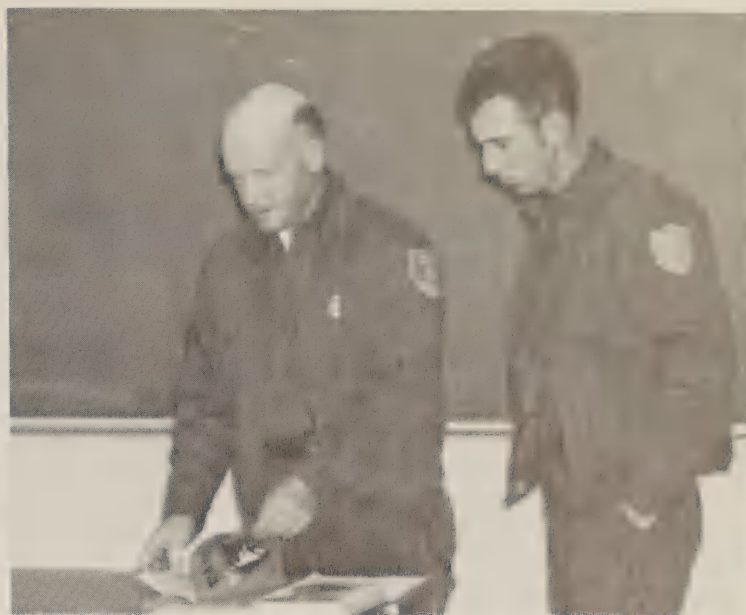

Potential scientists and future engineers feel very much at home at Liberty, for here they can find many outlets for their interests. The Junior and Senior Science Clubs offer great opportunities to the science-oriented students. The purpose of these clubs is to promote interest in science and offer services to the students, to science-related organizations, and to the surrounding communities. The clubs are affiliated with the Future Scientists of America, the Virginia Junior Academy of Science, the Science Clubs of America, the Virginia Junior Academy of Science, the Science Clubs of America, and the Westinghouse Science Talent Research Program. Frank Key, current president-elect of the Virginia Junior Academy of Science, is our own example of the way science clubs here at Liberty have made their mark in statewide competition.

Any member of the Spanish Club can say the action there is like sitting on a hot tamale eating a red pepper. The activities at the fun-filled meetings have ranged from a fantastic production of "Los Tres Osos", to breaking pinatas during a festive Christmas meeting.

The dedicated members, sponsored by Senora Owen and Senora Dow, are constantly involved in fund-raising projects in order to send two people to Puerto Rico and to offer a scholarship for a hardworking senior. As a service to the community, they collected food for several needy families by sponsoring a canned food drive.

French Club toured Paris

During the Easter vacation, these French students went to France. There they saw various things that they had been studying. On top of being educational, the trip was also a lot of fun.

"Does anyone have any ideas for the Christmas program?"

"I do. Let's have a skit, and the theme could be 'J'taime' "

On the serious side, these etudiants de francais have helped to plan curtains for the language lab, and have worked to promote French culture at LHS. One of their goals was to provide a scholarship for a deserving senior. In everyone's life there is a French Club of '72.

The Hi-Y was one of the highest and most active clubs at Liberty. Due to the lack of a sponsor, the club initiated its own system. After their business for the month had been taken care of, they provided their own entertainment in an interesting and unusual way. Without the assistance of films, speakers, or demonstrations, these guys enjoyed their meetings with chariot races and hot potato games.

In the campaign for ecology, there is one group at Liberty whose efforts go largely unrecognized. It is the Future Farmers of America, a group of guys whose main common interest is a love for the outdoors.

The club's activities go far beyond what its primary aim—the development of agricultural leadership, cooperation and citizenship—suggests.

Teams of four boys are sponsored, which compete on the local and state level in seven different categories including farm mechanics, public speaking, beef cattle raising, tractor driving, and forestry. The Liberty Chapter has won first place in forestry for the area and federation and has placed fourth in the state.

The club also sends four to ten delegates to a state convention at Virginia Polytechnic Institute each summer.

Perhaps the most interesting work of the club is in the field of conservation, for this is what the boys themselves like best. Each year the members plant hundreds of pine seedlings on area farmlands. Another project is the sowing of wildlife food patches, which feed game birds during the winter.

To learn, to create, to improve—these are goals for which the FFA strives. And they do quite a good job of achieving these goals, too, for although each individual member has his own interests, abilities and aims, they all share this: the love of making things grow.

Happiness is . . . teaching?

Happiness is . . . teaching a child to spell his first five letter word; or teaching an older kid that there ain't no such word as ain't; or having your students dissect a frog right before lunch; or flunking your whole Physics class. Of course, happiness isn't always the same thing for teachers and students.

The FTA presented teachers with apples, had parties and entertained themselves with programs during their club meetings. Wonder what kind of teachers they'll make?

Thunder?! No, that's Jane. The shipment was due out today and . . . But it's not always like that. Of course we've had our differences. Things like, "That's my section and I want it done my way." or "I don't want to work today even if it is due out tomorrow." Sometimes it was a simpler argument. Once we were ready to kill one another over where we were going to eat!

Then there were the days that we took underclassmen pictures and learned to tie a necktie, the days we sold annuals and got to count all of that money, all of the classes we missed to work on this book, the weekend we spent at UVa. and the day the last pages went off. We laughed at things that weren't at all funny and then we worried over how to make money or which pages to send out.

Without realizing it, this annual has become a bond; something we all have in common. In working to make this the best annual we could, we have tried extra hard because this was our last chance.

Now that our HERITAGE is here we're proud and happy. We did our best. Do you like it?

"If you're not planning to work, then scram!" "Hey—why can't we change the name of the paper to something more relevant like. . .?" "That story was due three days ago!" "If you think that's cantankerous, my nerves are almost,—what? The papers are here? Mr. Lee—do you think the teachers will have duck-fits if we sell Sentinels during. . .?"

The Sentinel staff spent hours slaving away—gathering, editing, and publishing an abundant crop of news, editorials, record reviews, cartoons, and highlights of S.C.A. activities. The closely knit staff strived constantly for improvement under handicaps, such as low finances and general obstacles blocking their efforts, but nevertheless found, the year to be a rewarding, profitable experience.

Today we see many establishments that offer services, benefits, or satisfactions that improves appearance, health, comfort, or peace of mind to the consumer. Distributive Education helps train young men and women to serve the consumer so that he or she may receive the best services from the product.

During the past three years, students of the D.E. program have taken many steps toward establishing it as an interesting vocational curriculum. Under the direction of Mr. Rodney Williams, who is the district advisor, the D.E. program was dominated all district competition. This year they won ten first place awards in district competition, eight second place, and six third place awards. A member of Liberty's D. E. program is the Junior Board of Director. The D.E. Club won first place with their float in the Christmas Parade. In State Competition Liberty set a record for the most first places. The big function of the spring was the employer-employee banquet.

Throughout the school year, the D.E. members have tried to serve the community, school, and family, by putting "service above self".

All-star cast presented "This Strange Night"

Happiness is . . . a full auditorium on opening night. Just when practice has gotten to be drag, the curtain opens and you wish with all your heart for another couple of days rehearsal.

*With an all-star cast, the Drama Club presented *This Strange Night* to the students and faculty immediately before the Christmas vacation. The play was a big success and showed off the talent and theatrical skills of the cast and their colleague, Mrs. Williams.*

Skits were put on by club members at each meeting and some of the members went to elementary schools and acted short scenes for the students.

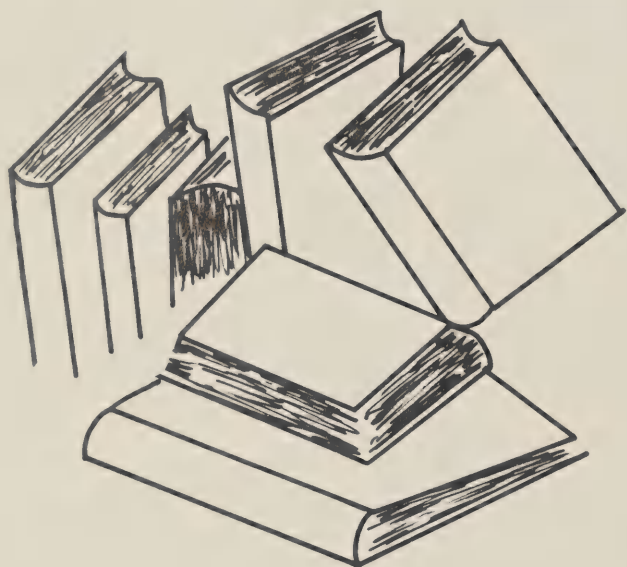

Of course, the annual Senior Play claimed the talent of many Drama Club members and they worked with scenery as well as acting.

Rules and regulations regrettably run the library

There is a very small group that works quietly behind the scenes—the members of the Library Club.

The club membership is made up of people who enjoy being in a library and using its materials. The purpose of this club is to make its members more familiar with the library, to become more aware of librarianship and to render a service to the school.

The club has been considering several projects for the year. These are to send books overseas, to have clean-up committees, to have a paperback swap among its members and to make bulletin boards for the library.

Future Homemakers learned to

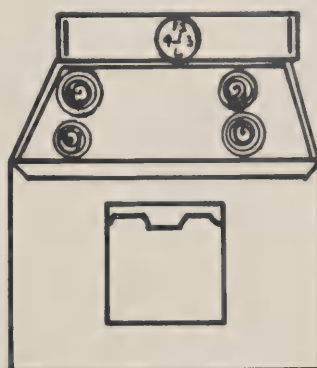

Not everything at Liberty is readin', writin' and 'rithmetic. There's also homemaking, and the Future Homemakers of America are always busy at work with their many activities such as guest speakers, skits, Federation meetings, and the annual Mother-Daughter Banquet. The sponsors, Mrs. Mayhew and Mrs. Whorley, inspire the hard working members to live up to their motto: "Towards new Horizons."

The group was composed of the first year German class which will grow and expand as the language will grow and expand at Liberty, so. . . Gutes Glück zu alle Deutschen schülern !

L.H.S. band wins in Christmas Parade

Boom bah! Boom bah B-o-om doom pah. Make way folks! Here it comes! The one and only Liberty High School Marching Band doing its own kind of music! With icy fingers and frozen instruments, directed by Mr. Thomas Clark, these energetic students entertained sports fans with great half time shows during the football season. To top things off, they "Jingle Bell Rocked" themselves right into first place in the Christmas Parade. Two of our members made good showings at the Regional band contest; one is eligible to try out for the All-State Band. The Band members feel that they are progressing and say, "We shall keep marching on . . ."

SENIORS

Kathy Logwood, Vice-president

What do you do when you come to the end? You can only think back . . . Senior Prom—"Who fell in the fountain?" . . . Senior Day—"Oh well, so much for classes!!" . . . Senior Picnic—"He's got what in the cooler?" . . . Thus the true identity of the Class of '72 is revealed? The closely knit seniors must soon unravel and go their separate ways. So perhaps it isn't the end after all . . . it's a new beginning.

The Junior class this year willingly took on the same responsibilities as previous Junior classes. The Junior Dance and the Prom defied the law of gravity. The class progressed both athletically and academically as most members took College Boards. There was one additional problem added this year—where will they be going to school next year? These students, however, will remain close and unified wherever they will be.

IN MEMORY OF

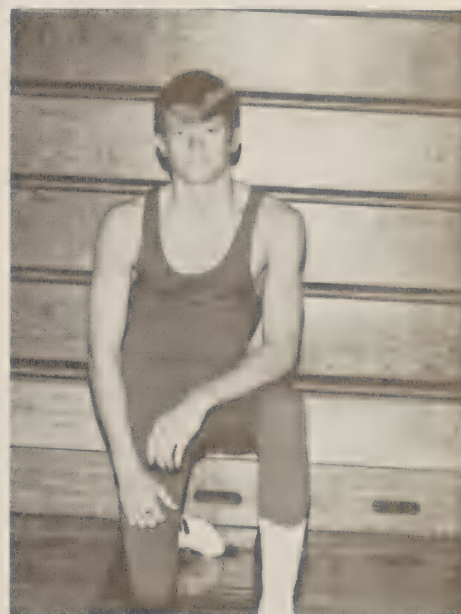

"PEYTON WINSTON OBENCHAIN"

April 2, 1955 - January 10, 1972

Peyton may have left us full of sorrow, but for all of us who knew him, we can say that remembering his happiness and his cheers has wiped away all of our tears.

We will always remember those wonderful wrestling matches and how could we forget those fun filled classes with laughter and humor.

Peyton is sadly missed and will always be remembered by the "Matmen" and students of Liberty High.

Where are you going to school next year? I'll miss you! Maybe we'll ride the same bus! These are just a few of the remarks that the juniors make about their departure from Liberty next year. For some it will be a thrill going to the new school at Forest. But, for others, Liberty is their home school.

Remembering this year and the years before, the juniors can say that while at Liberty it was, well, . . . unusual. Memories of decorating for last year's Ring Dance and this year's Junior Dance flood the air. All the dreadful tests, what they called miserable classes and the remarks at the class meetings, is what every junior at Liberty had in common. That's the reason some headstrong juniors decided they would have a meeting impromptu with the school board to ask if they could possibly make arrangements to come the following year to Liberty. So as it turned out, the school board willingly listened to the group and to their delight the board replied, Y-E-S!

Sophomores

A new year at Liberty High brought new responsibilities to the Sophomore class. With spring just around the corner, the class of '74 divided into committees in preparation for the Ring Dance. This year proved to be one of new experiences, like trips to the Educational Center and NEDT tests, but the Sophomores took each challenge with their high-spirited enthusiasm. With this behind them, they look toward their final two years at L.H.S. with great hopes and anticipation.

happiness is . . .

... remembering '72

Quiet prevails . . .

. . . before the storm.

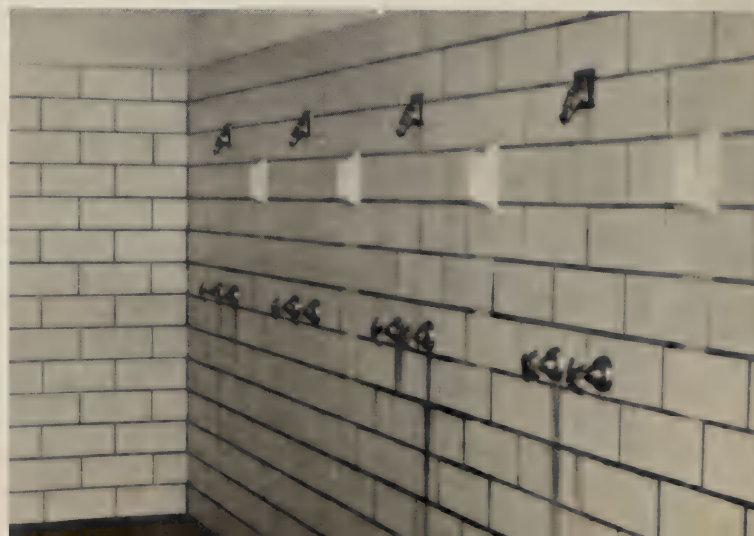

Boredom is resumed . . .

. . . until the action begins.

Who are you taking to the Junior Dance?
 Forrest, isn't that cheerleader on the far
 right cute?
 If we don't beat Staunton River, we're all
 gonna get killed!!!
 Did you see Amherst's cheerleaders?
 I'll be glad when the gym gets fixed so we
 can have dances again!
 One word of consolation, next year we'll be
 back in the AA District.

The newest member of our team . . .

. . . is a dummy.

"After I catch the football, what do I do next?"

The fire is ignited . . .

. . . and special fans.

. . . by the crowd . . .

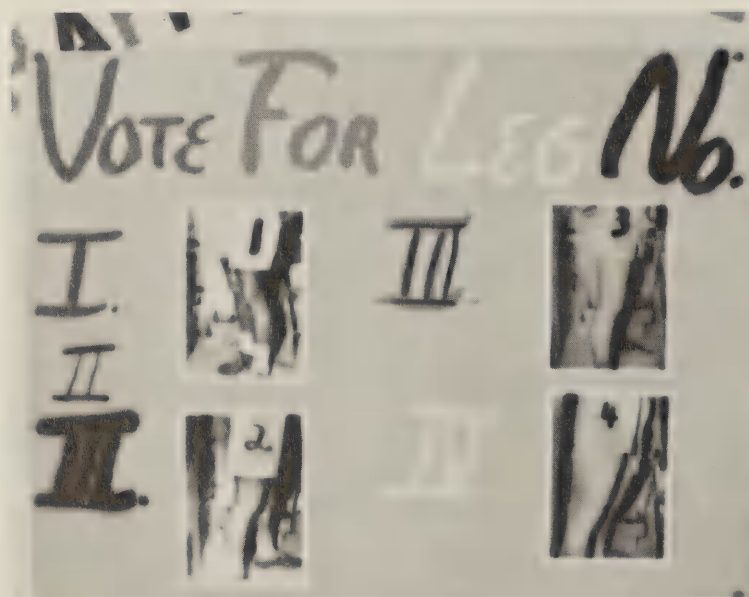

After game entertainment . . .

. . . provided by Rock-and-Soul.

Don't let the legs fool you . . .

. . . or the smiles either.

Wasn't slavery abolished long ago? . . .

... At the Latin Banquet they believe differently!

We missed the action at the Math-Science (or Science-Math) Banquet...

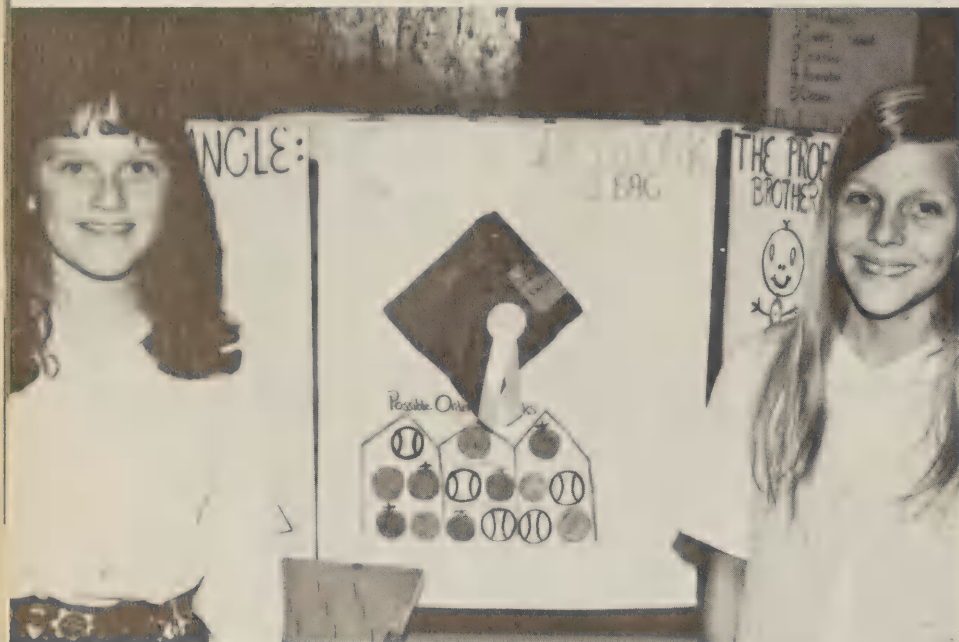

... but things at the Junior Dance just started...

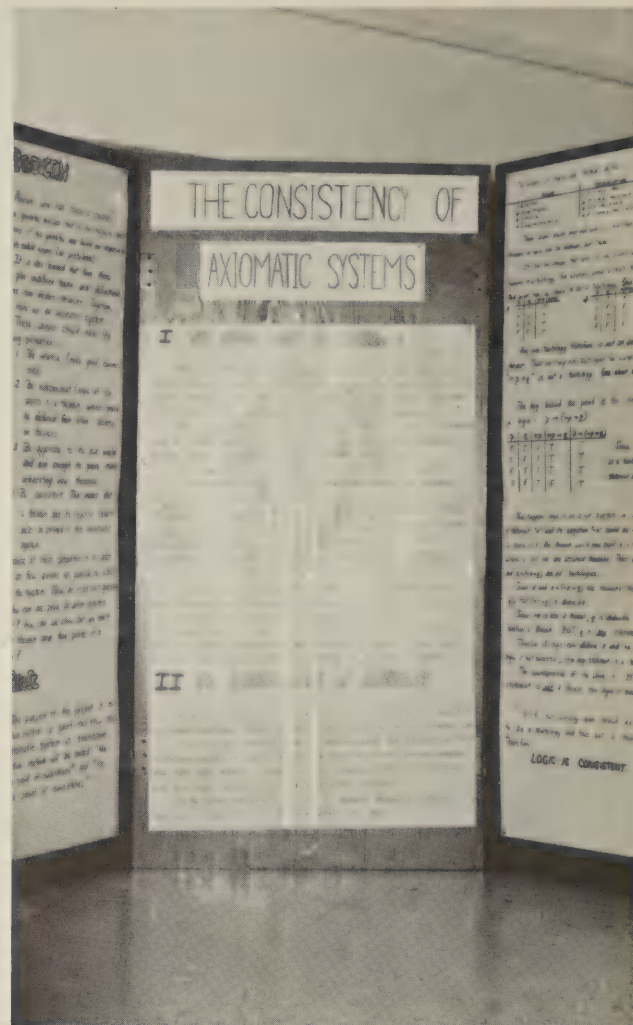

... with a kick...

... and ended on a quiet note.

Some projects at the Matharama were a big hit . . .

. . . and others got hit!!

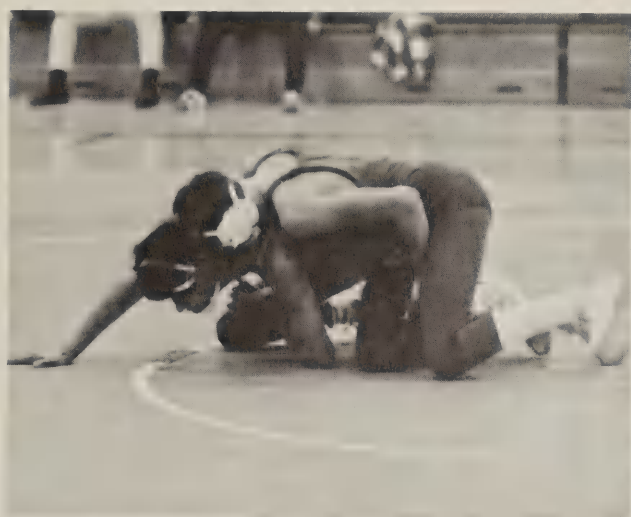

Liberty's first snow is enjoyed by students . . .

. . . and bears??

The cheerleaders should take lessons . . .

. . . but the wrestlers don't need any lessons.

. . . in smiling, from Barbara . . .

. . . THE GYM.

But finally, on January 11, 1972, the LHS gym . . .

. . . reopened . . .

. . . jumping with spirit . . .

. . . but unfortunately, we still remained at the bottom of the ladder.

He just zonked 3rd period with a Bloom's Level III Mild Quiz . . . But—

You should have seen Mrs. Gordon's face when new student, Debra Merrill asked—"Who's Macbeth?"

. . . We asked, "What is the Roller Derby?" . . .

Back in the office, Mr. Thompson gets a reply to his question . . .

But in the hall the question is "What's happening?"

Barefoot Turner pulls a file . . .

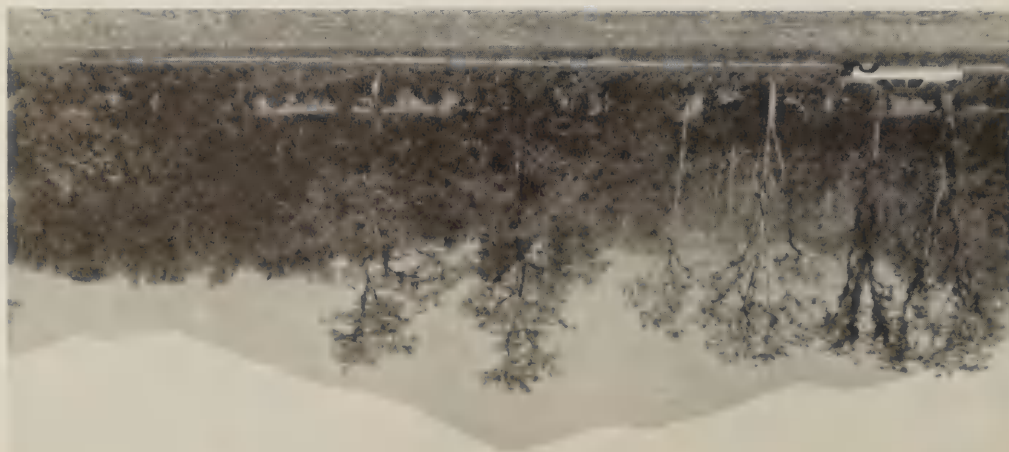

. . . while the Class of '72 pulls a gag.

Janice and Cynthia convert Mrs. Turner's room into a student lounge.

What's this? The Peaks haven't really changed, except on Prom night . . . then they were turned completely upside down.

FREEDOM...

... AT LAST!!!

*Seniors . . .
 Doing their thing.
 Reaching out . . .
 To take a stand.
 Carrying with them . . .
 Memories—
 The unforgettable prom
 The Senior Picnic
 and, at last—
 GRADUATION.
 Accompanying them is
 Knowledge;
 Personal,
 Worldly—
 Indispensable.
 Experience.
 A part of their life
 Which will be—
 Left behind—
 But never forgotten.*

happiness is .

... the beginning of the end

Steve,
Well, here
goes, remember
Am. History. All the
good & bad times we've
had. You be good this summer
& don't work too hard. I'll be
working at the Day Care Center again.
Have a wonderful summer, Steve. Go a
great person & friend. Be good!
Love always,
Betty Roberts!

Dearest Steve,
My love for you
shall and always remain
the same. Lunch really
had been a nice one
don't forget the salt
and pepper (while)
Forget me not.
"72"
Love you,
Shelma
Johnson

Steve,
I hope you succeed
in all you attempt
To do.
Lots of
love
Mary Ellen
"72"
P.S. Take
care of
your sweet
little lady

Alfred
I've come late into your
Young life - I hope
not too late
Wish success and
a credit to
the Payne name!
